ORDER OF COURT

AND NOW, this **18** day of June 2015, upon review and consideration of the Defendant John Mark Muller's Motion to Compel Discovery Responses from Plaintiff, and no response thereto, the motion is **GRANTED**¹.

Plaintiff is directed to respond to the requested discovery, without objections, no later than July 15, 2015.

BY THE COURT:

Jeffrey R. Sommer J.

¹ While we have received correspondence from Plaintiff's counsel, who indicates that he is not well, and requesting a stay, we also received two letters from Mr. Muller and Mr. Janus expressing their opposition to any stays in this matter. As plaintiff has not filed a Petition for a Stay, and recognizing that six weeks has gone by since counsel's letter, we will proceed with deciding certain motions that have been filed.
